Summary

Full-Stack Developer specializing in MERN stack with experience using React.js, Next.js, Node.js, Express.js, and MongoDB. Skilled in REST APIs, JWT authentication, CRUD operations, and responsive UI development. Seeking opportunities as a MERN Stack or React.js Developer.

Education

Bachelor of Engineering in Information Technology

Vishwakarma Government Engineering College, Ahmedabad | Aug 2020 – Jun 2024 | CPI: 7.84

Experience

Paperboat Tech Solutions, Ahmedabad

Full Stack Developer Intern | Jan 2024 – May 2024

- Developed a full-stack web application using **Laravel**, **MySQL**, and **REST APIs**.
- Implemented backend functionalities, database operations, and debugging existing modules.
- Collaborated with developers to improve application workflows and data handling.

TatvaSoft Software Solution, Ahmedabad

React.js Developer Intern | Jul 2023 – Aug 2023

- Developed an E-commerce **Bookstore** web application using **React.js** and **Material UI**.
- Implemented routing, reusable components, and state management using React Hooks.
- Built responsive user interfaces following modern UI/UX designs.

Projects

Blogify | React.js, Node.js, Express.js, MongoDB Atlas | [[Live Demo](#)] • [[GitHub Code](#)] | Jun 2025

- Developed a full-stack blogging platform with **JWT authentication**, protected routes, and **CRUD** functionality.
- Implemented context-based state management with search and bookmarking features for improved user experience.
- Deployed Frontend on **Vercel** and backend API on **Render** with **MongoDB** Atlas integration.

Service App | Laravel, JavaScript, MySQL | [[GitHub Code](#)] | Jan 2024 – May 2024

- Developed a service management system with ticket generation, asset tracking, and maintenance scheduling features.
- Implemented role-based authentication and dynamic data management for multiple users.
- Designed backend workflows using **Laravel** and **MySQL** with responsive frontend integration.
